Title: European Naturecultures: optimizing monitoring and management of agricultural/wildlife contact zones

Grant: Uddannelses- og Forskningsstyrelsen

Amount: 75.000 DKK

Grantee: **Julie Emontspool, CCC**

2. Presentation by the library

- Open Access by Regine Ejstrup – cancelled

Instead of Regine Ejstrup, Jette Jorsal showed the new guidance to get easy access to Business Literature Guide <https://libguides.sdu.dk/BusinessLiteratureSearchGuide/Start>

Jette also showed a link to the publisher list with whom SDU has open access agreements.

<https://sdunet.dk/en/research/scholarly-publication/open-access/publiceringsaftaler>

- Network for Digital Methods in Social Science and Humanities by Kamilla Jensen Husen

Kamilla informed about the new network for Digital Methods in Social Sciences and the Humanities supported by the University Library. The aim is to facilitate collaboration and knowledge-sharing across disciplines and departments regarding the use of Digital Methods and tools in research and teaching, including but not only AI.

The network meet at the library and online participation is possible.

Please contact Kamilla J. Husen: kamillajh@sdu.dk for more information and the mailing list.

DEPARTMENT OF BUSINESS AND MANAGEMENT

3. Status DBM by Dannie Kjeldgaard

Slagelse plus cand merc HRM

Due to failed negotiations with RUC and not enough opportunities for growth in Campus Slagelse, SDU has decided to close Campus Slagelse. There will be no new intake of students in Slagelse and it will be closed down by 2027.

Dannie has started the process of individual conversations with affected colleagues in Slagelse to get a clear indication of what is desired and what opportunities the department has to offer. In January 2024 the opportunities will be investigated further and a framework agreement Slagelse employees will be negotiated.

When budget cuts were made in the spring, it was decided to close the HRM cand merc profile in Odense. However, since the agreement with RUC is cancelled, it has been decided to open for intake in the fall of 2024. DBM is to cover the profile in terms of research and education.

As there is a cap of student places, we are not allowed to just raise our own intake of students. But sometimes if other faculties have excess capacity we might be allowed to take in more students on our programmes. But it is a political decision and not up to us.

Department of Business and Sustainability – Jutland

The new name of the Business School department in Jutland includes Sustainability. We on DBM also have a lot of sustainability research and there is no monopoly of this in Jutland, so we can still carry on with our sustainability research.

Head of department Chrisian Elmelund-Præstekær has previously been Head of Department of Political Science and Public Management and recently come from Faaborg municipality. Kristin B. Munksgaard, Christian and Dannie constitute the management team of the Business School.

Strategy

Almost all groups have given their input to the DBM strategy.

The strategy will contain a brief strategy with action points and values and will be presented in the new year to the department.

Professional master area – status & process

Eva Riis, Jacob Lyngsie and Marianne H Frederiksen have spent the fall on a market research that will be presented to the management of the faculty later this month. The dean has a strong wish for a more international MBA and this and more will be elaborated on.

Financial Situation

The forecast is still that we will have a deficit in 2024, but in 2025 and 2026 things look slightly better right now.

New VIP member of SDU Board

Congratulations to Christian Riis Flor, who has been appointed new VIP member of the SDU Board.

Inclusion at SDU

There is currently a lot of national talk about employee involvement.

Inclusion will be a focus point also at DBM and the Department Council will elaborate further on this.

DEPARTMENT OF BUSINESS AND MANAGEMENT

4. Plagiarism report/sanction process by Tina Lundø Tranekjer and Niklas Woermann, Study leaders, HA and Cand Merc

Niklas and Tina informed about the exam irregularities, tasks of examiners who suspects plagiarism and the process.

Use of AI is not allowed in written exams.

For hand ins and projects incl. final projects, students can use AI if they follow good academic practices and you quote where and how you have used it in your work.

Note:

Exam cheat: <https://mitsdu.dk/en/sam/eksamenssynd>

Exam rules: <https://mitsdu.dk/en/sam/eksamensregler>

5. News from the administration by Kirsten Stribley

Communication

Please be aware that the admin tries to solve the matters before we reach out to our colleagues. If you want to avoid too many emails from us – and reminders -, remember to give us all specific details at first. Example: if you host an event, you need to document costs by sending us a description of purpose, **full** name and organizations of participants.

Teaching plan

The teaching plan is used for norm, for hiring and paying our externals and for STÅ. An accurate teaching plan is therefore necessary, and Kirsten and your head of group need to be informed about ALL teaching and supervision – all those agreements that are made with other faculties.

Example: DBM gets STÅ money for all the work you do and by looking at the teaching plan and other systems, Kirsten finds out how much we are entitled to from other faculties as well. And every year Kirsten finds flaws – therefore always keep Kirsten updated on what teaching you do incl. at other faculties.

Annual accounts

End of year – please let Dianna know about your expenses and which year the invoice is concerning, this year or 2024. Please observe the deadlines that Dianna sends out.

HR

SDU has implemented a new HR system and also due to lack of HR staff at the HR department, we experience delays of HR contracts. DBM admin staff takes on more tasks from HR which mean we are very busy. Please inform us in due time if you expect to hire with external funded grants.
